

## LOCAL NEWS.

TUESDAY EVENING, APRIL 5.

For this section occasional showers; southerly winds, increasing; rain Wednesday.

**BURNING OF A LIVERY STABLE.**—About twenty minutes to four o'clock this morning a fire, which had started in the back part of the lot of Mr. James Patterson's livery stable, on the east side of Washington street, between King and Cameron, burst through the roof, and in a few minutes a general alarm brought the fire department on the scene and awoke from early morning slumbers the majority of the people of the city. When the flames first burst from the roof the light became very brilliant, and as a summer rain would fall from every quarter of the compass all sort of suggestions were made in attempts to locate the fire. The stable being in the center of the city it was not long before an immense concourse of people had gathered. The fire department lost no time in getting to work, and seldom was its efficiency more apparent, for though the burning stable was surrounded on the north, south and east by other houses, the fire was confined to the one building, those adjacent being scorched, though not materially injured. The stable, however, was almost gutted, but little more than the bare walls remaining. The property was part of the estate of the late John Lannon and was insured. A livery stable had been conducted at this place for many years—by Messrs. Arnold, Ware, Legg, Broughton, Thornton, Herber, Patterson and others. A number of horses, carriages and other vehicles belonging to different persons in the city were in the stable at the time of the fire, and, considering all the circumstances, the loss is by no means as great as was first predicted. It would be when the fire was first discovered. Mr. Patterson's loss is between \$500 and \$700. He was not insured. A horse belonging to the Well Brothers, butchers, died from injuries, and another, belonging to Mr. G. Wm. Ramsey, was hurt in being led away from the conflagration. A dayton, belonging to Mr. I. Schwarz, was destroyed, as was also a buggy belonging to Dr. Bedford Brown and a dog cart, the property of Mr. Elshberg. The origin of the fire is unknown. Elmer Roberts, a young man employed in the stable, was the first to discover the fire and give the alarm, after which the police lost no time in spreading it over the entire city. The firemen worked heroically in aiding the work of rescuing the horses, &c. The stable, it is thought, will not be rebuilt, but the site will be used for several modern dwelling houses. The property owners in the neighborhood would doubtless object to a stable being located there again.

**CONFEDERATE VETERANS.**—The regular monthly meeting of R. E. Lee Camp, C. V., was held last night with an unusually large attendance of members. Commander Smoot presided.

A communication from the United Confederate Veterans, to attend their annual meeting and reunion, to be held in New Orleans April 8, was received and read.

One new member was elected and one application received.

The committee reported that the rolls of Company E had been prepared and forwarded to the Adjutant General of the State.

Hon. W. L. Wilson, of West Virginia, having been elected an honorary member at a previous meeting, a letter was read from him returning thanks to the camp for the honor.

The committee appointed to examine the books of the Adjutant and Treasurer reported that they had found them all correct.

The monument committee was instructed to take such action as was necessary towards paying the intercession of Washington and Prince streets.

Past Commander Hoot, on behalf of Mr. Edmund J. Lee, presented the camp with two handsomely framed pictures—one of Gen. Robert E. Lee and his son, Gen. Custis Lee, taken immediately after the war, and the other of Gen. Light-Horse Harry Lee. Suitable resolutions of thanks were adopted by the camp, which the Adjutant was directed to forward to Mr. Lee.

The annual election of officers was then held with the following result: Commander, W. A. Smoot; 1st Lieutenant, Commander, John R. Zimmerman; 2d do, Thos. Perry; 3rd do, Edmund Berkeley; Adjutant, Edgar Warfield; Quartermaster, R. M. Latham; Chaplain, Rev. George H. Norton; Surgeon, Dr. Bedford Brown; Treasurer, R. F. Knox; Color-bearer, F. J. Power; Officer of the Day, O. S. Taylor, Jr.; Vidette, P. F. Gorman; Bagler, J. C. Smith. Executive committee: P. B. Hoot, Geo. Wise and Thos. W. White.

**MEETING OF COLORED PEOPLE.**—A large number of the colored population assembled last night in the Opera House to hear John M. Langston, who was advertised to make a speech. After a collation at Magnus Robinson's house, the speaker and guests in carriages were headed by Murray's Band and taken over the principal streets of the city to the Opera House. After some preliminary exercises, consisting of music, &c., Langston was introduced by Magnus L. Robinson, and made an address in substance similar to one he delivered here a year ago. Many white men claim, the speaker said, that this is a white man's government and a white man's country, and declare the negro had no part in establishing its institutions or founding its government. A large number of colored men who have been wrongly educated, say: "Yes, this is a white man's government." The speaker did not sympathize with any of these views. He said he was born in this country, and is a full-fledged American citizen, no matter how his hair curls, nor how dark-skinned is his complexion. Referring to the Articles of Confederation Langston said there was no reference in it to negro, black or mulatto. It united all mankind in a common brotherhood. He believed courts, lawyers and judges should be multiplied. Stand by the law and it will protect you. There should be, he said, a great deal more of appealing to the courts and a little less of appealing to the New Testament and more of Blackstone; a little less of the Old Testament and more of Keat's Commentaries. Langston was followed by T. L. Jones, a young colored lawyer of Clarksville, Va., whose subject was, "Unity an indispensable element to success." A large bouquet was presented to Langston from his admirers. He urged the colored people to encourage education; to get houses and to pull together, and spoke in complimentary terms of the *Leader*, published by Magnus Robinson. The proceeds of the entertainment will be for the benefit of Shiloh Baptist Church, Rev. H. H. Waring.

**POTOMAC SHOE COMPANY.**—The annual meeting of the stockholders of the Potomac Shoe Company was held yesterday evening, when the following officers were elected: G. D. Hill, president; J. C. Smoot, secretary; Noble Lindsay, treasurer, and G. R. Hill, J. O. Smoot, Noble Lindsay, J. M. Johnson and Peter Abbott, directors. The president submitted his report, but stated that in consequence of the recent change in management a detailed statement of the affairs of the company had not been prepared. The affairs of the company, however, are in a most prosperous condition, and orders for work which will keep the factory running at its fullest capacity are now on hand and are being daily received. The shoes now being manufactured by the Potomac

Company compare most favorably with those made anywhere and have won a high rank in the market. Their style, finish and general make-up excel the shoes of the same price made in the big manufacturing of the North.

**FIRE IN FAIRFAX.**—The large barn and henery on the farm of Mr. W. E. Clark (Hayfield, the old Windsor estate) in Fairfax county, was destroyed by fire this morning, together with a quantity of feed, hay, &c. The origin of the fire is unknown. A tramp was seen in the neighborhood shortly before the flames were discovered, and it is surmised by some that he may have slept in the barn and in lighting a pipe accidentally set it on fire. Mr. Clark is an extensive cattle dealer in this section and president of the Washington and Norfolk Steamboat Company.

**POLICE COURT.**—The only case before Mayor Strauss this morning was that of Georgianna Lucas, an old face at the police court, unkempt, bedraggled, weak-eyed and with India ink picked in her arm, charged by several neighbors with disorderly conduct and with using language unfit for ears polite. As is generally the case with such litigants the statements of plaintiffs and defendant showed a remarkable divergence. The latter was fined \$2.50, and in default of payment was sent to the work house for thirty days. About one dozen negroes and two or three white women gathered without the bar to witness the proceedings.

**PERSONAL.**—Miss Effie Ware, who has been visiting friends and relatives in Fredericksburg, has returned to her home in this city.

Mr. M. B. Harlow has resigned as treasurer of the various building associations with which he has been connected for some time in order to lighten his many duties, and will endeavor to take a rest till his health improves.

**LAND COMPANY.**—At the annual meeting of the Morven Land and Improvement Company, held at No. 123 south Royal street to-day, the following officers were elected for the ensuing year: Washington Danenhower, president; Samuel H. Lunt, secretary; W. F. Lambert, treasurer; and Washington Danenhower, Samuel H. Lunt, C. G. Lee, Chas. P. Janney, Francis L. Smith, W. F. Lambert, directors.

**BRENTFORD COURT.**—In the Prince William County Court yesterday R. W. Jacob, tried for an assault and intent to kill S. C. Spidie, was acquitted. The grand jury made an attempt to discover the parties engaged in the recent lynching case near Haymarket, but met with little or no success, and adjourned until to-morrow.

**CHARTER.**—Judge Norton has granted a charter to the Cincinnati Gas Saving Company, of Cincinnati. The objects are to provide and apply means by which the pressure of gas is regulated, &c. The principal office is to be in this city with Mr. K. Kemper as attorney and the capital stock is to be not less than \$10,000, divided into shares of \$10. M. S. Hopkins is named as president.

**RAILROAD OFFICERS.**—At the annual meeting of the stockholders of the Washington Southern Railway Company held here to-day the following officers were elected: J. N. DuBarry, president; John Cassell, J. T. Green, Andrew Jamieson, J. P. Kerr, J. F. Lef and G. C. Wilkins, directors, and F. L. Smith, solicitor, residence, Alexandria.

**FISH TRAPS.**—In consequence of the failure of Congress to pass the bill to preserve spawning grounds for shad and herring in the upper Potomac, many fish traps have been set in the waters of the District of Columbia.

**CONTRACT AWARDED.**—Mr. John A. Marshall, of this city, has been awarded the contract for furnishing ties for the proposed Mount Vernon Electric Railroad.

**FISH.**—Since yesterday about 200 shad and 100,000 herring have arrived at Fish-tows. Shad sold at \$10.50 per hundred and herring at \$5.75 per thousand.

**MILLINERY.**—Mrs. Bradley, at her hat and bonnet bazaar, No. 414 King street, will on the 11th, 12th and 13th inst., have her spring opening of Parisian novelties in hats and bonnets.

**THE FREE FONTINE** policies of the Equitable Life Assurance Society of New York are unrestricted after one year, incontestable after two years and non-forfeitable after three years, and payable without delay.

**A Little Girl's Experience in a Lighthouse.**

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful cough and turning into a fever. Doctors at home and at Detroit treated her, but in vain. She grew worse rapidly, until she was a mere "handful of bones." Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at C. G. Lennon's drug store.

**A LITTLE PLEASANT RIVALRY, WITH A OLD SUB-STRATUM.**—We will give two inches of advertising space for six months in the ALEXANDRIA GAZETTE to the dealer in ALEXANDRIA, who shall buy and pay for the largest amount of our shoes between the 1st of March and the 1st of September 1892, provided only that our shoes are mentioned in each issue of the space for the period named. Three months to second largest buyer; six weeks to third largest. This simply illustrates our anxiety to have every lady and child in Alexandria walk in Alexandria made shoes. We will see that the Ladies need never blush to say that their shoes are home made, and if economy is wealth, we venture nothing in guaranteeing our wealth, as wearers of our shoes. feb22 eo THE POTOMAC SHOE COMPANY.

For all forms of nasal catarrh where there is dryness of the air passages with what is commonly called "stiffing up," especially when going to bed, Ely's Cream Balm gives immediate relief. Its benefit to me has been priceless.—A. G. Case, M. D., Millwood, Kan.

One of my children had a very bad discharge from her nose. Two physicians prescribed, but without benefit. We tried Ely's Cream Balm, and, much to our surprise, there was a marked improvement. We continued using the Balm and in a short time the discharge was cured.—O. A. Cary, Corning, N. Y.

**LADIES.** Needing a tonic, or children who want building up, should take BROWN'S IRON BITTERS. It is pleasant to take, cures Malaria, Indigestion, Biliousness and Liver Complaints.

Stonebraker's Linctus is the universal remedy with my trade, and I heartily endorse it as the best remedy on the market for aches and pains. WM. A. REID, Greencastle, Pa.

**IF YOUR BACK ACHES.** Or you are all worn out, really good for nothing, it is general debility. Try BROWN'S IRON BITTERS. It will cure you, cleanse your liver, and give you good anatomy.

All things come to those who wait. But it is not good to wait too long on a bad cold. Cure it now with Stonebraker's Cough Syrup. Price, 25cts.

With your other resolutions resolve to use Stonebraker's Linctus in your family. You will never regret it.

## LOCAL BREVITIES.

The monthly meeting of the Hydraulion S. F. E. engine will be held to-night. The schooner Puritan, now discharging a cargo of ice here, has been chartered to load coal at Georgetown for one of the northern ports.

Yesterday a tramp entered the parochial school taught by the Sisters of the Holy Cross and stole a table cloth. The robbery was committed in broad day-light and during school hours. Those who saw the man enter the building supposed he was at work about the place.

The testimony in the case of Howard J. Schneider, on trial for the murder of his wife, was concluded in Washington yesterday, and Mr. Clegg, assistant District attorney, commenced his argument for the prosecution. Judge Bradley notified counsel that argument in the case must close by Thursday afternoon next at 3 o'clock.

The light seen in the country northwest of this city last night was caused by the burning of the woods.

A number of peach trees in the city are in full bloom. Mosquitoes have made their appearance on Seminary Hill.

## MONETARY AND COMMERCIAL.

NEW YORK, April 5.—The upward movement in the stock market was continued this morning, and first prices in almost all cases showed pronounced gains over last night's figures.
